Ramp! (The Logical Song)

Scooter

When I was young
It seemed that life was wonderful
A miracle
Oh it was beautiful
Magical

All the birds in the trees
They could sing so happily
So joyfully
Oh playfully watching me

Good mourning!
Yeaaaaah!
One, two... one, two, three, four!
Pump it up!
Aaaah!
RMB no remmy no skippy no fate yeah
Wind me jam for the microphone and busy with the DJ
Jungless in the place
Jungless on the case
Scooter are you Ratty?

When I was young
It seemed that life was wonderful
A miracle
Oh it was beautiful
Magical

All the birds in the trees
They could sing so happily
So joyfully
Oh playfully watching me

Yeah!

When I was young
It seemed that life was wonderful
A miracle
Oh it was beautiful
Magical

All the birds in the trees
They could sing so happily
So joyfully
Oh playfully watching me

The K The L The F and ideology
