

Take a Break

Scooter

Ooouuhhh...

Let's go

We gonna mix up the place and tear it up inside
Yea - yea - yea - yea - yeah

Right about now
It's the mic wrecker
2 beat 2 rhyme
2 time checker, 2 times darker
To blow the speaker
2 dangerous
To bring the creeper
Rollin' with the mic provider
I'm the real rhythm rider
Damage from the infiltrator
Take a break
I'll see you later
Yes

Alright
Come on
Yes

When I'm on the mic best realize
As I exercise my vocal surprise
Bored you'll never get with the bass inject
To make you body sweat, I got the rap
As the lyrical master banging straight out of you
Stereo blaster, faster and faster we stick with da pace
Ravers watch out don't screw out your face
And take a break
Now

Get up
Yeah
Yeah

Slow down for one more time
Yeah

Yeah
Get up
Alright everybody
See ya in a minute
Aaargh...
