

The Roof

Scooter

Who can fly my heart like a bamboo kite?
Make it twirl and gyrate just like a gyro delight
Only you can, ohh oh, ohh oh, ohh oh
Only you can

Who can fly my heart like a bamboo kite?
Make it twirl and gyrate just like a gyro delight
Only you can, ohh oh, ohh oh, ohh oh
Only you can

The roof!

Who can fly my heart like a bamboo kite?
Make it twirl and gyrate just like a gyro delight
Only you can, ohh oh, ohh oh, ohh oh
Only you can

Can you sing it?

Louder!

Watch out!

Too, too, many, many men at the game
I better wash waste, stop using my name
I'm a cannibal, animal when you're down on the floor
It's like a shock when I do it like I did it before, yeah

Who can fly my heart like a bamboo kite?
Make it twirl and gyrate just like a gyro delight
Only you can, ohh oh, ohh oh, ohh oh
Only you can

Drop it!

Who can fly my heart like a bamboo kite?
Make it twirl and gyrate just like a gyro delight
Only you can, ohh oh, ohh oh, ohh oh
Only you can

The roof!

Who can fly my heart like a bamboo kite?
Make it twirl and gyrate just like a gyro delight
Only you can, ohh oh, ohh oh, ohh oh
Only you can

Keep it up!

Can you sing it?

Don't stop!

Aaargh!

Make it! yeah!

No, no, body, body, switching the mix
I got the wickedest words and I take you like this
I'm the maddest and baddest when I'm spittin' my rhymes
Hold on tight and be aware it's still the good times, yeah!

Take me!
Like Jimi said
Knowledge speaks but wisdom listens
You know it's true
Like I'm the metal guru
And, who's the best crew?
It's only you!

Who can fly my heart like a bamboo kite?
Make it twirl and gyrate just like a gyro delight
Only you can, ohh oh, ohh oh, ohh oh
Only you can

Yeah!

Can you sing it?

Get it, and spread it, yes!

Can you sing it?
