

# We Take You Higher

Scooter

Posse, make your choice  
Come on, feel the noise  
So jump jump a little higher  
Jump jump a little higher  
Keep it right now

Ravers, you like it rough  
All of you can't get enough  
So jump jump a little higher  
Jump jump a little higher  
Slowing it down

Breakbeat, that's the groove  
Come on, make it move  
So jump jump a little higher  
Jump jump a little higher  
Keep it right now

Posse, we spin you 'round  
Hardcore, that's the sound  
So jump jump a little higher  
Jump jump a little higher  
Slowing it down

WE TAKE YOU HIGHER!
