

Always

Scorey

See it in your eyes
I can tell you want me
Talk to me now I'm not a call away
We could dip let's go back to your place
We should hit the back while I'm on way

You say I'm lucky
'Cuz you don't do this always
A little privacy would go along way
Te moje como una fuente
As you soon as you walk into the party

Girl I'm tryna cover you in gold
Don't listen to stories that they told
Ever made love in a Rolls
Nobody's watching baby you can loose control

Why you caught up on the minor things
You always had a love for the finer things
I was more in love with designing things
Let me buy you designer things

You say I'm lucky
'Cuz you don't do this always
A little privacy would go along way
Te moje como una fuente
As you soon as you walk into the party

Girl I'm tryna cover you in gold
Don't listen to stories that they told
Ever made love in a Rolls
Nobody's watching baby you can loose control

I roll wit some takers nigga come for ya soul
Knew my life was different
Back when I hopped in that Rolls
Hammer flashin' like a flick
Jus' hop out take a pose
Heart eyes on my flick
That's when my heart went and got cold
Back to back just rollin up thinking old stuff
Wish that we could hash it out
Just like grown ups
Singin' different melodies
When that pole bust
Wish I took a time machine to the old us

You say I'm lucky
'Cuz you don't do this always
A little privacy would go along way
Te moje como una fuente
As you soon as you walk into the party

Girl I'm tryna cover you in gold
Don't listen to stories that they told
Ever made love in a Rolls
Nobody's watching baby you can loose control
