

Die Young

Scorey

Hm-mmm

If I die young

Hmm-uh-uh

If I die young, bury me in satin

Lay me down on a bed of roses

Sink me in a river at dawn and

Send me away to the sound of a love song

If I die young, bury me in satin

Lay me down on a bed of roses

Sink me in a river at dawn and

Send me away to the sound of a love song

Cause it be seeming like my friends dead

We don't want legs, head

Every time we see them niggas we gon' leave they friends red

'Posed to graduate together, now they took my best friend

Future brighter than the light I see it through the best lens

I'm the one that's 'posed to start the movements, I don't stress trends

Everyday I'm coolin' with my metal like its Next Gen'

Trappin' getting cake up on that block, I had a rush trance

Who the one to make it out that block, I had the best chance

R.I.P to Zuly 'fore he die, like every morning we had licks to catch

Still ain't find the pieces to that puzzle I've been missin' yet

More than 50 shots to clear they huddle, so we switched the tec

And they know we ain't coming just to tussle, shit you risking death

And if I meet my demise to streets

I know I can say I left my life on the beat

You can tell the gang that me and all the guys is at peace

Plus I'm linking with my angels, so my life is complete

If I die young, bury me in satin

Lay me down on a bed of roses

Sink me in a river at dawn and

Send me away to the sound of a love song

If I die young, bury me in satin

Lay me down on a bed of roses

Sink me in a river at dawn and

Send me away to the sound of a love song
