

Dior You

Scorey

(Aidan Han beats)

(Oh, yeah, Berki, this the one right here)

Uh, uh

Get her Saint Laurent sneakers or Dior shoes

I'll buy you anythin' you want 'cause I adore you

Let's fuck on the balcony, I'm trying to give you some more views

You ain't trippin' 'bout them bitches that's before you

Tell me your goals and I'll support you

Somethin' we could work to

Just show me you loyal, I'll reward you

She feeling alone, well, baby, I've been through that war too

She's scared of love and I'm afraid of that word too

Well, she been ashing blunts on her dresser

Told me 'bout her first heartbreak, might take months to forget him

She told me our love was forever

But lately I been feelin' unsure and only drugs made me better

She just want a thug, nothin' better, like, realest love ever

Write her four pages letters while clutchin' Berettas

I know I ain't got no time on my schedule

But if I feel like she ain't mine, I'ma let her go

Bad bitches only putting dimes on my pedestal

Savage, I give her the nine, she might let it blow

This heart is somethin' you won't find with a stethoscope

Sometimes I wish I could rewind just to let you know

Says she don't want a man 'cause they toxic

She say that I'm not shit and when she with her friends I'm the topic

I'm just tryin' to spoil her with bands while we shoppin'

Come down this road, hold my hands while we crossin'

Get her Saint Laurent sneakers or Dior shoes

I'll buy you anythin' you want 'cause I adore you

Let's fuck on the balcony, I'm trying to give you some more views
