I won't say goodbye
(SephGotTheWave)
I won't, I won't change
I won't say goodbye
Uh, uh-uh, uh, uh
I won't say goodbye
Uh, uh-uh, uh, uh
I won't say goodbye
Uh, uh-uh, uh, uh

Before we say our goodbyes, I just want to you to know (Uh, uh-uh, uh, uh)
At least I could say I tried before I just let you go (Uh, uh-uh, uh, uh)
And I done gave you all my time, still got nothing to show (Uh, uh-
uh, uh, uh)
I'm tired of dealin' with the lies, baby, just take me home

Still wit' the same niggas, grave diggers
Lately it been seeming the feelings ain't been the same wit' us
Feel like he tired of fake love and lame niggas
Slept through the night, she just take drugs like pain killers
I'm tired wearing my heart all on my sleeve
My heart tellin' me to stay, my mind never agrees, uh
'Member you said when it's dark, you never leave
My heart stuck in a cage, I tried throwin' the key out
You was the one that never lied or pretend, uh
They always told me, "If it was love, it'll find you again"
I just hope I changed your life for the best, uh
It's not the feelings, it's only the waste of time or regret
Uh, uh

Before we say our goodbyes, I just want to you to know (Uh, uh-uh, uh, uh)
At least I could say I tried before I just let you go (Uh, uh-uh, uh, uh)
And I done gave you all my time, still got nothing to show (Uh, uh-
uh, uh, uh)
I'm tired of dealin' with the lies, baby, just take me home
