See I be chasing after bands fuck a bitch  
And Lil Zuly gon slide with the stick  
And you niggas better hide we don't miss  
Send some shots we gon ride we don't diss  
And I been chasing after bands fuck a hoe  
Number one imma ball Derrick Rose  
And the real can relate if you know  
We banging them sticks will go straight to your dome if you late  
e to get low

I ain't playing no more  
A lot of these niggas be dragging me down  
But they claim they my bro  
They hate that I'm cold  
And most of these niggas will take what I got but I can't let it go  
I'm changing don't know  
We dress up in black and start pulling out blasts while I'm banging that smoke  
The gang can get dangerous [?]  
The K leave you stinking with brains on the floor  
We gonna attack  
I will start clapping you know that these wack niggas can't get back  
Day after day, I was totin' that strap by the store getting paid while I'm throwing that crack  
And lately they saying that I'm toting this rap cause I'm killing these niggas they know that they wack  
Nice I ain't sleep till my flow was exact cuz I promise I'm putting my bros on the map  
They know I'm legit  
Hop out that [?] I'm rolling that clip and I'm blowing that whipp  
The beam on that glizzy he know that he hit then [?]  
I'm solid I never expose what I did for my fallen I'm putting my soul in my lyrics  
[?] you know what it is  
They be jackin Lil scorey they know I'm the kid
