

## Oh Well

Scorey

Uh

Used to fall asleep in class, woke up wit' a bankroll  
Now I might spend a bag, that's just how my day goes  
'Member I was on the Ave', hustlin' in the same clothes  
Remember they would laugh, guess that's how the game goes

You wasn't around when I first started, now you mad  
Oh well, guess you prolly should've started tryna rap  
Got it out the mud, now it's a target on my back  
Oh well, I ain't worry 'cause them scholars got my back  
Okay

He tried to sneak diss me in his post about a feature  
Oh well, I might have my lil' vultures come and eat him  
He just tried to at me, when he know I play with heat but  
Oh well, won't go back and forth, you know I ain't Serena  
Dior for my sneakers, used to play the bleachers  
I make hot shit everyday, don't give no fuck about no leakers  
Heavy metal, Led Zeppelin, I might rock out wit' that Nina  
Tryna get medical, ayy Chrome, let's throw some Wock' up in that liter, uh

Oh well, I ain't tryna buy no friendship anyway

Oh well, I ain't trippin', niggas know just how I play  
4TS no gang, we put shit on skates  
Don't reach for no chain, have Lil Roc reach in his brain  
We are not the same, better off stay in your lane, uh  
Guess I changed now as I don't hang with lames, huh
