

## Victim

Scorey

Trap jumpin' like 23

Tryna ball with all my friends and see us dancin' on that stage  
Youngin's spark in front of cameras, no bandanas on they face  
I've been posted in the hood ain't see my grandma for some days  
And when I leave and it's another nigga standing in my place  
Tryna win but it feel like these niggas wanna see me fail  
I was tryna go to school it's like they want me in that cell  
And I swear revenge is sweet cause through the shadows I prevai  
l  
Falling victim to these streets like I was cast up in that spel  
l

Tryna cash me off to hell

Poppin X, my thoughts runnin, bout to crash me off the rails  
Niggas flaggin like they real, if we catch them while they lack  
in we gon' smash them with these shells  
I don't got no time for acting, I put passion in these tales  
Niggas quick to claim they demons till their mans get hard with  
fluid

Mom, I'm sorry fuck a sport, its not no basketball I'm shootin  
On my back about assignments, I ain't have no time to do it  
I dropped out to play that corner, I ain't cappin in my music  
In that field ain't no relaxing, I ain't laughin when I do it  
I was taught that if you totin' on that ratchet you gon' use it  
Gettin high and reminiscing on the chances that I ruined  
Walking in the crib and stashing every hammer we was shootin  
I was trappin with Lil Zuly, had that sack and then I blew it  
I ain't want to lose my money so I'm stacking what I'm moving  
Me and Toonz was risking everything we had up in that fusion  
Fightin battles with my thoughts through all the pack that I'm  
abusin
