First thing first I ain't walking in that bitch if I can't get a hold of my pipe
Call Nat Geo when me and my mans outside 2 grips we livin' a wild life
Uhh, caught a flight to see what the vibes like
Opp bitch trynna come see what the mobb like
Bro in the back right sayin' slatt right now, I guess we livin' a slime life

Say pour up a Sprite, I'm tryna ease the pain so I'ma get more than high
She ain't my type, just tryna eat the gang so I'ma let bro and them slide
Taking that dive, I'm in too deep to save, talkin' bout shoulder height
Tell me a lie, love me and leave me bae, that's how it goes in life

He tried to gamble his life and he lost, I guess he lucky or blow on the dice
Count up a half a M in the mall and fuck it, the opps don't know what it's like
