

## Backstage Queen

Scorpions

Hey little Donna, sweet little Donna I know  
You wanted my love and I gave it to you.  
Hey little Donna, sweet little Donna you know  
Goodbye is hello, 'cos I'm on the road.  
Take it easy, don't get me wrong,  
Just keep me in your dreams.  
Take it easy, life goes on  
My little backstage queen.  
Hey little Donna, sweet little Donna so good  
My feeling with you was all very true.  
Hey little Donna, sweet little Donna you know  
Goodbye is hello, 'cos I'm on the road.  
Take it easy, don't get me wrong,  
Just keep me in your dreams.  
Take it easy, life goes on  
My little backstage queen.  
Hey little Donna  
Sweet little Donna  
Goodbye Donna ...
