

Falling Star

Scorpions

It's been a long way
You've walked alone
And now it's almost time to go
At the end of the night
We saw the final curtain fall
It's been the longest fight
But you can't win them all

There's a falling star
That shines at midnight
Falling star
And it feels so blue

In the midnight hour
When you saw her tears (saw her tears)
You won't pretend that it's just a game
There's a place in my heart
When the star still shines on
We'll share your victories forever when you're gone

There's a falling star
That shines at midnight
Falling star
Baby, don't you cry
A falling star (a falling star)
That shines one last time
Shooting star (a falling star)
For the last goodbye

At the end of the ride
Don't wanna be there on your own
'Cause it would break my heart
To see you walk that road alone

There's a falling star (a falling star)
That shines in midnight
Falling star (a falling star)
Baby, don't you cry
A falling star (a falling star)
That shines one last time
Shooting star (a falling star)
For the last goodbye
For the last, for the last goodbye...
