

## Gypsy Life

## Scorpions

Here I go again  
Feels like once upon a time  
But this is here and now  
You can try to read my mind  
Well, life has given me so much  
And so much more  
True love is hard to find  
When you're on the run

While all those years go by  
The clock is ticking way too fast  
And I just ask myself  
What is going to be last  
I've seen it all, but still  
I've seen nothing yet at all  
So I'm still looking for  
Some diamonds and pearls

Bye-bye, girl  
There's a road I gotta find  
Called the gypsy life  
I miss that life  
Like a good old friend

Well, friends they come and go  
Some are here and some are gone  
And when the sun goes down  
I will walk this road alone  
But now I'm here with you  
And my heart is full of hope  
That life will bring me back  
Into your open arms

Bye-bye, girl  
There's a road I gotta find  
Called the gypsy life  
I miss that life  
Like a good old friend

Bye-bye, girl  
There's a dream that's still alive  
It will take some time  
A long, long time  
Until I'm back again

Bye-bye, girl  
There's a road I gotta find  
Called the gypsy life  
I miss that life  
Like a good old friend

Bye-bye, girl  
There's a dream that's still alive  
It will take some time  
A long, long time  
Until I'm back again

Bye-bye, girl  
Bye-bye, girl  
Until I'm back again
