

Kiss Of Borrowed Time

Scorpions

F#m Em

F#m Em
Leaves are falling from the tree

F#m Em
More than anything I want to be

F#m Em
Close to you back in your arms

A D
I swear I'm still in love

Don't say a word just wait

Am
As the bell will ring across the street we know

Cm Gm
Those memories never go
Bm F (one upstroke)
Leaves are falling from the sky

Why don't we give it just another try
When the winter comes along
The shadows will be gone
The ice will melt away
'cause in front of the old fire, place is warm
Oooh, welcome home
Let me take you back again

C G
To a love has got a name

Am
For you and me

G
Another day another chance

C G
Only love will kill the pain

Am
That hurts so deep

G
Don't waste a moment of your life

F G
'cause it's just a kiss of borrowed time

Dm C Bm Am G

Let me take you back again
To a love has got a name
For you and me
Another day another chance
Only love will kill the pain
That hurts so deep
And we taste the wine

F Dm
Just another sip of borrowed time
