

## Loving You Sunday Morning

Scorpions

Working hard to get it on for you  
Everyday and night  
I give you all I've got to give  
Take it all  
Love I know that you're feelin' blue  
Lonely deep inside  
'Cause I know how it feels to be alone

Loving you Sunday morning  
You were on my mind love everyday  
Loving you Sunday morning  
Your love makes me fly so far away

People tell me that I'm gonna lose you  
Our love will die  
So tell me is it true right or wrong  
I never ever wanna lose your love  
So I will change my life  
Believe in me my love  
I'm coming home

Loving you Sunday morning  
You were on my mind love everyday  
Loving you Sunday morning  
Your love makes me fly so far away
