

She Said

Scorpions

G

In every corner of my memory

Hmi

There's no place you wouldn't be

C

If anything, I wish I had

Ami

D

Another dream with you

Life was forever yesterday

Nothing in the world could take

Your love away, will I ever know

That time will ease the pain

For me someday

C

Ami

Dmi

She said I won't leave you, ever

G

Just love me forever

C

Ami

Dmi

She said you can leave, but never

G

Walk away

Lights reflecting in the evening sun

Back to the place where we were one

Soul mates forever about to chase

Rainbows in the dark

Another day to destiny

Come on and set me free

When I close my eyes, I see your smile

As I walk in the pouring rain

I call your name

She said I won't leave you, ever

Just love me forever

She said, we will be together, someday

She said I won't leave you, ever

Just love me forever

She said, you can leave, but never

Walk away

G

I can see a million faces

Dsus4

When I take a walk outside

G

Dsus4

But I just never knew

G

That I could go a million places

Dsus4

D

And I'd see always, only you

The loneliness crawls up on me

Without you there's no me

At any time or any place

But time will ease the pain

For me someday

She said I won't leave you, ever
Just love me forever
She said, we will be together, someday
She said, I will wait forever
I won't leave you ever
She said, you can leave, but never
Ever walk away

Don't walk away
Oh no don't walk away
I'll be waiting, always
Until you'll wake up from this dream
Someday
