

Steamrock Fever

Scorpions

We'd like to introduce tonight
the Kings of a brandnew style
they are hungry to play
we'd like to introduce tonight
the new heavy steam rock style
quite different and strange

Allright, how do you feel tonight
get up to see and cry the name of the
band

steam right with hands and feet tonight
get up to see and cry and they will begin -
Here they are!

Steam rock fever,
screaming rock believers
