

Good Problems

Scott Helman

Affairs and divorces
How does anyone get through it?
The mistrust and disgust while
The kids are off at school, yeah

People lie and they fight and they cheat
They deceive, then they just up and leave
But that's not you and me

You and me, we got good problems
Haven't left the bed all day
Put your hand on my heart, yeah
That's your real estate
Emotions interlocking, bodies interlaced
We don't spend much time talking
You and me, we got good problems
We got it good, we got it good
Good problems
We got it good, we got it good

Mediators, alimony
Who gets the science fair trophies
I'm high in the rec room
While they're fighting for custody

People lie to themselves and deny
That they're falling apart deep inside
But that's not you and me

You and me, we got good problems
Haven't left the bed all day
Put your hand on my heart, yeah
That's your real estate
Emotions interlocking, bodies interlaced
We don't spend much time talking
You and me, we got good problems
We got it good, we got it good
Good problems
We got it good, we got it good

I was in the kitchen on the green couch
I was just a kid in my parents' house
I didn't know then and I don't know now
But we'll never have to choose 'cause
You and me, we got good problems
You and me, we got good problems

You and me, we got good problems
Haven't left the bed all day
Put your hand on my heart, yeah
That's your real estate
Emotions interlocking, bodies interlaced
We don't spend much time talking
You and me, we got good problems
We got it good, we got it good
Good problems
We got it good, we got it good

We got it good, we got it good
Good problems
We got it good, we got it good
