

Constant

Scott Matthew

You were my constant
A belief, a relief
All in truth

You were my constant
Antidote to defeat
Fallible

Remember after the show you said
What i've never known
Is that i'm loved
I guess it weren't enough

You were my constant
A belief , a relief
Sufferable

You were my constant
A deceit so complete
Your own show

What was beautiful
All at once is just brutal
Oh where'd you go
Thats the thing i'll never know

You were my constant

Where'd you go
I've never felt so alone
