

Take a Moment

Scott McKenzie

Take a moment
Out of everyday
Take a moment
Out of everyday
Take a moment
Just to find your way
And you feel a little bit stronger
Cause you'll be a little stronger
And you'll last just a little bit longer everyday

Take your brother
Off to the side
Take your brother
Off to the side
Take your brother
Tell him he don't have to hide
And he'll feel a little bit stronger
Cause he'll be a little bit stronger
And he'll last just a little bit longer everyday

Go till I pray
To gather around
Go till I pray
To come and gather around
Go till I pray
That a white light has finally been found
And we'll feel a little bit stronger
Cause we'll be a little bit stronger
And we'll last a little bit longer everyday
Just a moment everyday
Just a moment everyday (everyday)...
