

Beautiful Cage

Scott Stapp

All eyes on you, every head turns
When you walk into a room
One smile and everyone moves
Trying to get some time with you
Your secret, your weakness
The only thing you can control
You're hiding, you're lying
But you can't fool yourself

Under the surface you're crying out for help
Outside is perfect, but you can't free yourself
From your beautiful cage, you're beautiful, so beautiful

All alone, meeting with God
Please, save me from myself
Mirror, mirror on the wall
Please make me someone else
Your style, so wild
Way too cool to ask for help
Your affliction, your addiction
Why can't you love yourself?

Under the surface you're crying out for help
Outside is perfect, but you can't free yourself
From your beautiful cage, you're beautiful, so beautiful
From your beautiful cage, you're beautiful, so beautiful

If you could, you would fly away
A butterfly with broken wings
I can see what's underneath
And I want to save you, want to free you

Under the surface you're crying out for help
Outside is perfect, but you can't free yourself
From your beautiful cage, you're beautiful, so beautiful
From your beautiful cage, you're beautiful, so beautiful
