

Survivor

Scott Stapp

Bulletproof, adrenalized
Burning up, cauterized
I'm the roar the battle cry
Screaming out it's my life

It's my time, my fight
I'm unstoppable, I'm unbreakable
It's my pride, my ride
I won't be denied

How you like me now
Alive cuz I believed
You tried to knock me out
But you couldn't drop
No you couldn't drop me
I'll never bow down
Never own defeat
Cuz you messed with a fighter
I stand here baptized by the fire
A survivor

Supercharged, flying high
All lit up, electrified
I'm the storm a hurricane
Rising up like a tidal wave

It's my time, my fight
I'm unstoppable, I'm unbreakable
It's my pride, my ride
I won't be denied

How you like me now
Alive cuz I believed
You tried to knock me out
But you couldn't drop
No you couldn't drop me
I'll never bow down
Never own defeat
Cuz you messed with a fighter
I stand here baptized by the fire
A survivor

I stand here... a survivor
I stand here... a survivor

How you like me now
Alive cuz I believed
You tried to knock me out
But you couldn't drop
No you couldn't drop me
I'll never bow down
Never own defeat
Cuz you messed with a fighter
I stand here baptized by the fire
A survivor

I stand here... a survivor

I stand here... a survivor
