

# Wake up Call

Scott Stapp

One day the bridge is going to break  
One day the world will stand still  
The sky will fall the earth will shake  
There's just so much a heart can take

This is a wake up call  
How many times before you lose it all  
You're like a cannon ball  
Breaking walls  
This is a wake up call  
Before there's no one left to catch your fall  
But you can change it all  
If you want to...

Sometimes life is so insane  
Sometimes we don't know what to feel  
Does God help us when we pray  
Or do we face it all alone, all alone

This is a wake up call  
How many times before you lose it all  
You're like a cannon ball  
Breaking walls  
This is a wake up call  
Before there's no one left to catch your fall  
But you can change it all  
If you want to...

If you want to...  
If you want to...  
If you want to...

This is a wake up call  
How many times before you lose it all  
This is your wake up call  
Before there's no one left to catch your fall  
But you can change it all  
If you want to...  
If you want to...  
If you want to...  
If you want to...  
This is your wake up call  
And you can change it all  
If you want to...  
If you want to...  
If you want to...  
If you want to...  
This is your wake up call  
And you can change it all  
If you want to...
