

It Matters To Her

Scotty McCreery

When you say I love you
Before you hang up the phone
When you buy her favorite wine
On your way home
When you kiss her in the kitchen
When you kiss her on the street
When you kiss her when she's still asleep

It matters to her
It stays on her mind
When you put her first
Every single time

When you think she don't see
When you think she don't care
When you think she don't notice
What you're doing there
Every little look
Every single word
Oh, it matters to her

When you pull her in close
When she's had a bad day
When you shut up and listen
To what she has to say
When you tell her she's stronger
Than the storm blowing in
When you're there when she just needs a friend

It matters to her
It stays on her mind
When you put her first
Every single time

When you think she don't see
When you think she don't care
When you think she don't notice
What you're doing there
Every little look
Every single word
Oh, it matters to her

Yeah, it matters to her

Oh, it's the little things that a man might miss
Oh, it's the little things that she never forgets

Oh, It matters to her
It stays on her mind
When you put her first
Oh, every single time

When you think she don't see
When you think she don't care
When you think she don't notice
What you're doing there
Every little look

Every single word

Make her feel like she's the only woman in the world

It matters to her

Yeah, you know it matters to her

Oh, yeah

It matters to her
