

Once Upon A Bottle Of Wine

Scotty McCreery

Yo, Scotty, you see who just walked in?
Yeah, I see her, Unc
You remember that night?
Woo, how could I forget?
Oh yeah
Man, let's talk about it

Heads went to turning soon as she walked in
Got everybody like, "Tell me who that is"
All eyes on her when she's out on the floor
Ain't nobody seen a body moving like that before
Y'all hand me a round and gather around
'Cause you don't wanna miss
A story I gotta tell, ain't no fairy tale
And it goes like this

Once upon a bottle of wine
In a bar not far away
One hello turned to dance all night
Turned to take you back to my place, yeah
She was gone in the morning light
Ain't that a tale that is old as time?
But I was hers and she was mine
Once upon a bottle of wine

I can't remember what the song was
She had you tip that band to play
But I'll never forget the sway of her hips
And watching you kiss, kissing off that cabernet

Once upon a bottle of wine
In a bar not far away
One hello turned to dance all night
Turned to take it back to my place, yeah
She was gone in the morning light
Ain't that a tale that is old as time?
But I was hers and she was mine
Once upon a bottle of wine

Once upon, once upon
Ooh, ooh, ooh
Once upon, once upon
Ooh, ooh, ooh

Take me back
We lock eyes
I can see you going back in time again
Take me back
She smiles
She ain't telling that guy she's dancing with

Once upon a bottle of wine
In a bar not far away
One hello turned to dance all night
Turned to take it back to my place, yeah (Yeah)
She was gone in the morning light
Ain't that a tale that is old as time?

Oh, but I was hers and she was mine
Once upon a bottle of wine

(Once upon, once upon)
Once upon a bottle of wine
(Once upon, once upon)
Once upon a bottle of wine
