

Beautiful Day

Scouting for Girls

(Yeah-yeah, yeah-yeah)

I remember those sunny days before the rain came down from the sky

Now my umbrella's my only hope of keeping you by my side

I'm singing, rain, rain, it's okay, nothing's gonna spoil my day

Rain, rain, it's okay

Thank God, it's a beautiful day (Yeah-yeah, yeah-yeah)

Kissing you out in the rain (Yeah-yeah, yeah-yeah)

Falling in love again (Yeah-yeah, yeah-yeah)

The moment I see your face, I don't need the sun till you say

"Thank God, it's a beautiful day"

We're together, it's all I need

When no one else seems to care

Just remember, it's you and me

Dancing like Fred Astaire

We're singing, rain, rain, it's okay, nothing's gonna spoil our day

Rain, rain, it's okay

Thank God, it's a beautiful day (Yeah-yeah, yeah-yeah)

Kissing you out in the rain (Yeah-yeah, yeah-yeah)

For falling in love again (Yeah-yeah, yeah-yeah)

The moment I see your face, I don't need the sun till you say

"Thank God, it's a beautiful day"

Thank God, it's a beautiful day

Thank God, it's a beautiful day

It's just what I needed

It's just what I needed

You're just what I needed

You're just what I needed, needed, needed

It's just what I needed (Just what I needed)

It's just what I needed (Just what I needed)

It's just what I needed (Just what I needed)

The moment I see your face, I don't need the sun till you say

"Thank God, it's a beautiful day"
