

## Double Act

Scouting for Girls

Chips and beans, strawberries and cream  
Torvill and Dean, know what I mean  
They go so well together  
Wooster and Jeeves, red wine and cheese  
The two Ronnies, four candles please  
Stay with me forever  
The birds and bees, Adam and Eve  
Adam and Steve and Eve and Eve  
As long as we're all together

There's been Itchy, there's been Scratchy  
There's even Sting and Shaggy  
So lets make a legally binding pact  
That we stick together and not look back  
I know we can get this one back on track  
'Cause we make a damn good double act  
Yeah, we make a damn good double act

Queen and Bowie, Tenacious D  
Dick Dastardly and his mutt Muttley  
They'll be friends forever  
Homer and Bart, Wayne and Garth  
Little and large, they made me laugh  
Just like birds of a feather  
Pam and Tommy, Tom and Jerry  
Ben and Jerry's cookie dough cream  
It's, oh, so good together

Where there's Mulder there was Skully  
Where there's Cher there was Sonny  
So lets make a legally binding pact  
That we stick together and not look back  
I know we can get this one back on track  
'Cause we make a damn good double act  
Yeah, we make a damn good double act

When Harry met Sally  
When Noah wrote to Ally  
When Danny danced with Sandy  
Megan and Prince Harry  
They won't be, and not slightly as good as you and me could be

Maybe so, so lets make a legally binding pact  
That we stick together and not look back  
I know we can get this one back on track  
'Cause we make a damn good double act  
Yeah, we make a damn good double act
