

## Let's Not Go Away

## Scouting for Girls

It's December twenty-four  
I can't defend your folks no more  
See, I'm not stirring, I'm not moving  
I got movies that need viewing  
Let's not go away

So just remember what the day is for  
Lay in bed and ignore the door  
Just you and me, cups of tea  
Staying in, watching TV  
Oh, baby, let's not go away

I know you don't believe it  
I'm not showing up  
Tell them that I'm sick  
Say that I've been throwing up  
Tell them it's serious  
That it's over between us  
'Cause if I go  
It just might be

Let's not go, let's not go  
Let's not go away  
Make it snow, make it snow  
So they won't come and stay  
Let's not go, let's not go  
Let's not go away  
Make it snow, make it snow  
So they won't come and stay

Now it's December twenty-five  
I'm in the car but I can't leave the drive  
'Cause I don't want no holiday  
With your extended DNA  
Oh, baby, please don't make us go

I know you don't believe it  
But I think we're out of luck  
'Cause the car ain't got no petrol  
And the garages are shut  
It's like a miracle  
Now it's just the two of us  
And the TV

Let's not go, let's not go  
Let's not go away  
Make it snow, make it snow  
So they won't come and stay  
Let's not go, let's not go  
Let's not go away  
Make it snow, make it snow  
So they won't come and stay

It's not you, it's not me  
It's your family  
It's not you, it's not me  
It's your family

It's not you, it's not me  
Your daddy hates my guts  
It's not you, it's not me  
And your mother talks too much  
It's not you, it's not me  
Your brother's always wasted  
And your great uncle's kind of racist  
It's not you, it's not me  
It's your family
