Nowhere Left to Fall

Scouting for Girls

Whoever said that,
It was better to have loved and lost?
Were they not the ones sitting here,
Having to count the cost?
Sometimes I wish that
I'd never met you at all
Because heartbreak's a long, long
Long, long way to fall

And I've been sittin' here since you've gone
Tryin' to work out what just went wrong
I haven't moved since the moment you left
What's the point when I got nothin' left?
We got nothin' to say anymore

What can you do when the ties are broken,
And there's nothin' left at all?
What can you say once the words are spoken,
And the concrete broke the fall?
And your heart's in the past
And it's lost in a world too fast
You know when you lose the one you've chosen
Because there's nowhere left to fall
There's nowhere left to fall

And I know that one day
Everything'll be alright
'Cause we'll keep these memories
Under rose-tinted lights
So you just keep goin'
Even if you have to crawl
'Cause when you're at the bottom
There's nowhere left to fall

And I've been sittin' here since you've gone
Tryin' to work out what just went wrong
I haven't moved since the moment you left
What's the point when I got nothin' left?
We got nothin' to say anymore

What can you do when the ties are broken,
And there's nothin' left at all?
What can you say once the words are spoken,
And the concrete broke the fall?
And your heart's in the past
And it's lost in a world too fast
You know when you lose the one you've chosen
Because there's nowhere left to fall
'Cause there's nowhere left to fall
There's nowhere left to fall

What can you do when the ties are broken,
And there's nothin' left at all?
What can you say once the words are spoken,
And the concrete broke the fall?
And your heart's in the past
And it's lost in a world too fast

You know when you lose the one you've chosen
Because there's nowhere left to fall

I've been sittin' here since you've gone
Tryin' to work out what just went wrong
I haven't moved since the moment you left
What's the point when I got nothin' left?
I've been sittin' here since you've gone
Tryin' to work out what just went wrong
I haven't moved since the moment you left
What's the point when I got nothin' left?
We got nothin' to say anymore
