

# Superman

## Scouting for Girls

In the darkest times  
I'll be there with a light  
It doesn't matter how hard things go  
'Cause I swear they'll never tear us apart, oh no no no

'Cause when you think you've had it  
I'll be your life jacket  
I'll save you just like magic  
I'll be like Superman  
And when life pulls you under  
I'll fly in undercover  
I'll save you 'cause I love you  
Oh darling, understand

Wherever you go, whatever you plan  
I'll catch you if you fall  
I'll be your Superman  
Whatever you need, darling believe  
Without you I got nothing  
You made me Superman  
You made me Superman

You can call on me  
Anytime you feel the need  
And darling, hit me up  
When you just can't feel the love

And when you think it's over  
And you can't go no lower  
I'll just come fly right over  
I'll be like Superman  
I'll hold you, never let go  
Love you from your head to toe  
I'm gonna be your hero  
Oh darling, understand

Wherever you go, whatever you plan  
I'll catch you if you fall  
I'll be your Superman  
Whatever you need, darling believe  
Without you I got nothing  
You made me Superman

You make me feel I can fly  
When I got you by my side  
And when you hold my hand  
I feel like Superman  
You make me feel I can fly  
When I got you by my side  
And when you hold my hand  
I feel like Superman  
Without you I got nothing  
You make me Superman

Wherever you go, whatever you plan  
I'll catch you if you fall  
I'll be your Superman

Whatever you need, darling believe  
Without you I got nothing  
You made me Superman

Wherever you go, whatever your plans  
I'll catch you if you fall  
I'll be your Superman  
Whatever you need, darling believe  
Without you I got nothing  
You made me Superman  
You made me Superman

Without you I got nothing  
You make me Superman
