## Scouting for Girls

Your sweet love, your sweet love, it's all I want  
Your sweet love, your sweet love, darling, I need you  
More than I want you and I want you tonight  
Say that you feel it  
Tell me your sweet love is still mine

Your sweet love, your sweet love, give me sweet, sweet love  
Your sweet love, your sweet love, bittersweet, sweet love  
Your sweet love, your sweet love, give me sweet, sweet love  
It's all I want

Loving you's a madness  
Batshit crazy for you  
There's a kinda magic  
Everything you do

Tell me you love me  
That's what she says when she falls asleep  
She knows the answer  
'Cause our love, it runs deep, I'm never gonna leave ya

Your sweet love, your sweet love, it's all I want
