

## Four Walls

Scowl

I wanna leave, just wanna walk away  
Escape these four walls enclosing me  
I gotta leave, just get the fuck away  
Escape these four walls suffocating me  
Suffocating me, threatening me  
Hands around my neck, I can't breathe  
Pressuring me, depressing me  
I gotta run but still I just sink  
I wanna leave, just wanna walk away  
Escape your face that's still talking to me  
Berating me, encasing me  
Hands around my neck still I can't breathe  
Stepped on me, disrespected me  
Easy to see you're better off without me  
I wanna leave, just wanna walk away
