

Haunted

Scowl

You wanna fight everyone, you wanna hold the gun
It's not enough, don't call this love
You wanna fight everyone, you wanna hold the gun
I call you friend, you want me dead

I'm doing it all for you, for you, for you
I've given my all for you, for you, for you
For you
I'm haunted by
For you
Look in your eyes
For you
I wanted you
For you
I needed you
For you
I'm haunted, I'm
For you
I'm feeling blue
For you
I wanted you
For you
I needed you

For you

Don't want to fight anyone, you still point the gun
Your aim I can't, I can't outrun
Don't want to fight anyone, you still point the gun
It's not enough, I'm not in love

I'm doing it all for you, for you, for you
I've given my all for you, for you, for you
For you
I'm haunted by
For you
Look in your eyes
For you
I wanted you
For you
I needed you
For you
I'm haunted too
For you
Feeling dark blue
For you
I wanted you
For you
I needed you

For you
For you
For
