

Shot Down

Scowl

Now I cannot wait
How, how can you say?
No, I cannot wait now

Walk out, wanna walk out on you
I wanna freak out
Don't wanna let down
I wanna impress, impressive sound
I'm getting shot down, shot down with you

Go, gotta let go
How, I'll let myself down
I'll shut you down, down now

Walk out, wanna walk out on you
I wanna freak out
Don't wanna let down
I wanna impress, impressive sound
I'm getting shot down, shot down with you

I feel right now
Kill you right now
Hate you right now

Walk out, wanna walk out on you
I'm getting shot down, shot down with you
