

# Lifeline

Scream

Well, get in, man  
We got to go back and get it  
To reclaim our past before we forget it  
I lost all our money, can't believe where I left it  
Just our luck, it was right where I set it  
Laughing out loud  
Going insane

Throw a lifeline  
To save me  
And I'll feel alright, alright, alright, alright  
Throw a lifeline  
To save me  
And we'll be alright, alright, alright, alright

Baby hold me, squeeze some hope  
When it seems out of reach  
Help me get to there from the start  
Well, would you believe  
So much joy, so much joy in the dream  
Bet you never thought

Going downtown to the street corner sounds  
We used to get lost then we found  
From Malcom X Park, we're chasing dreams  
Mall on 4th of July to Guthrie Green  
Screaming out loud  
Exploding my brain

Throw a lifeline  
To save me  
And I'll feel alright, alright, alright, alright  
Throw a lifeline  
To save me  
And we'll be alright, alright, alright, alright

Baby hold me, squeeze some hope  
When it seems out of reach  
Help me get to there from the start  
Well, would you believe  
So much joy, so much joy in the dream  
Helps you get to there from the start  
Give your hand to me  
Our journey so timelessly  
Bet you never thought

And I'm going insane, yeah
