

# Somebody Love

Scream

Insoma nights filled with dread  
All the screams won't raise the dead  
This feeling (This feeling)  
Feeds my head  
Inside a dream (Inside a dream)  
Like a shadowing fading (Like a shadow fading)

All alone, all alone  
My heart's outside me

Somebody love  
This despite  
Somebody love  
Holding tight  
Somebody love  
This despite  
Somebody love

Reflections (Reflections)  
On a mysterious world  
Spirits despise (Spirits despise)  
And expose the truth  
Heavy rain (Heavy rain)  
Struggle to breathe  
From the weight of life (Weight of life)  
In all its disease

All alone, all alone  
My heart's outside me

Somebody love  
This despite  
Somebody love  
Holding tight  
Somebody love  
This despite  
Somebody love

Stop running  
Somebody love  
This despite  
Somebody love  
Holding tight  
Somebody want  
Somebody need  
Somebody love
