

Swallow The World

Screaming Females

You're my shotgun
Straight to hell
You promised you'd never tell
Your chapped lips and fingertips
A foolish waltz through all of this
Wiped pure for you
I'm clean for you
Scream inside the machine for you
Hide inside the echoes of your mind, so

It's bad enough
I dream about you
You swallow the world
To warn the moon

Trim the film
Make me a star
A worm inside the killing jar
Tie the fiber tight
What's yours was mine
Bled white for you
Stabbed blind for you
Burn up inside the night for you
Hide inside the echoes of your mind, so

It's bad enough
I dream about you
You swallow the world
To warn the moon
It's bad enough
I dream about you
You swallow the world
To warn the moon

The gap between your wings
Grace swinging in my head
Beside this heavy ring
I brought you
My heart
My heart
My heart
My heart
My heart
My heart
My heart
My heart
My heart

If she calls I'm in the wash
The water's brown
My skin is soft
Drink the water
Caked in shit
It's time

I'll wait for you
Stand straight for you
I became what I hate for you

Hide inside the echoes of your mind, so

It's bad enough
I dream about you
You swallow the world
To warn the moon
It's bad enough
I dream about you
You swallow the world
To warn the moon

My heart is a river through the sand
My heart is a river through the sand
