

What Goes On

Screaming Trees

What goes on in your mind?
I think that I am falling down
What goes on in your mind?
I think that I am upside down

Lady be good, do what you should, you know it'll work alright
Lady be good, do what you should, you know it'll be alright

Well, I'm going up, I'm going down
I'm gonna fly from side to side
See the bells up in the sky
Somebody cut their string in two

Lady be good, do what you should, you know it'll work alright
Lady be good, do what you should, you know it'll be alright

One minute one, one minute two
One minute up, one minute down
What goes on in your mind?
I think that I am falling down

Lady be good, do what you should, you know it'll be alright
Lady be good, do what you should, you know it'll work alright
