

I think of you every minute  
of just about every other day  
It's funny but the tv  
dosen't seem to make my thoughts about you go away  
Every time I think of you  
I start to follow clues  
can't call you from my shoe  
99

The bathtub girls I see on bikes in Lakeview  
all look too much like you and 99  
I've got a job to do  
but I can't concentrate anything else at this time  
I know I should be gettting smart  
but since we've been apart  
I can't even count as high as 99  
Don't tell me you're a double agent  
I asked you not to tell me that  
I'd join you in a New York minute  
'cause you're so rad and that's a fact  
When you left me things were Kaotic  
and I think I almost lost Control  
But now I am a little less psychotic  
and my mission's not impossible  
I will find another girl like 99  
you know the world is full of 99'  
but I'll remember you 99
