i am alive i am here i am now i acknowlege the fact of my life  
i am alive breathing walking and smiling acknowledge the fact o  
f lmy life there's a big big world out there thime that i stepp  
ed in 'cause i'm getting tired of pretending that i don't reall  
y give a shit there was guilt and shame there was fear and hate  
but now it's finally time to appreciate the perfection of all  
life all the times and places and time i'd waste i learned the  
hard way and ever since when i look forward or back i just gott  
a laugh 'cause it hit like a ton of bricks i laid down on the g  
round and i looked around and i saw a miracle i appreciate the  
simple beauty of the world it came to me like a bullet to the h  
eart but it was there in front of me all along so obvious the o  
nly meaning of life is life itself i'm not controlled by anybod  
y else i must get out of my way get out of my own way
