

All Winter Long

Screeching Weasel

It's gonna be a great summer
It's gonna be an adventure
We'll be having a blast
We'll be having the time of our lives
It's gonna be a great summer
And you can bet when it's over and done
We're gonna have enough stories
To last us all winter long

It's gonna be a great summer
It's gonna be an adventure
We'll be having a blast
We'll be having the time of our lives
It's gonna be a great summer
And you can bet when it's over and done
We're gonna have enough stories
To last us all winter long
We're gonna have enough stories
To last us all winter long
We're gonna have enough stories
To last us all winter long
