

# Creepy Crawl

Screeching Weasel

You're my little creepy crawl, pretty little heart attack Oh, you always turn my head, now I've gotta turn my back

You're weaving a tangled web And you're leaving it in my head And I can't say I do, 'cause I don't, but I do and I don't, but I do now Don't, but I do and I don't, but I do now (2x)

You're my little creepy crawl when you practice to deceive Don't you think I see it all? Oh, you can't be that naïve

Who goes up your winding stair Won't ever come down from there And I can't say I do, 'cause I don't, but I do and I don't, but I do now Don't, but I do and I don't, but I do now (2x)

Hey baby, I miss so and I wish I'd never left But wrapped up in your parlor walls I would die of loneliness

Now I know what I've gotta do But I don't wanna be leaving you 'Cause I know I'm in love No, I don't, but I do and I don't, but I do now Don't, but I do and I don't, but I do now (3x) Don't, but I do And I don't, but I do (3x) And I don't
