

Cursed

Screeching Weasel

I'm not superstitious
But that old man cursed me and I...
I can't get it out of my head
She couldn't know it
But she senses something wrong and we both know that she's right
I can't get it out of my head

I've asked you to stay in, when you're not at school or church
It's for your protection there's just so much evil in the world

I can't help but wonder
Whatever could have happened to make you so afraid
You're not gonna lose me again
Sooner or later
You're gonna have to let me live my life but I promise you

You're not gonna lose me again (I know I'm gonna lose her again
)

It's only for a little while more just give me time
I need to clear a few things up soon everything will be alright

I can't get that curse out of my head (He's just gotta get out
of his head)
I can't get that curse out of my head (He's just gotta get out
of his head)
I can't get that curse out of my head (He's just gotta get out
of his head)
I can't get that curse out of my head (He's just gotta get out
of his head)
