

First Day of Summer

Screeching Weasel

Seasons will change
And so will you
I've seen the signs a million times
Before you try so hard to keep your cool
What's the matter with today?
You're always planning something
And that something's always twenty years away

Come on now, it's the first day of summer
Please don't let it slip by, just try
To squeeze all of the life out of it

This is a summer day
But I thought that I heard you say
"It's just another day, watch it go by"
This is a summer day
But I thought that I heard you say
"It's just another day, watch it go by"

The summer's starting
So why aren't you?
We're getting older every day
And I can't stay here getting old with you

Come on now, it's the first day of summer
Please don't let it slip by
Just try to squeeze all of the life out of it

This is a summer day
But I thought that I heard you say
"It's just another day, watch it go by"
This is a summer day
But I thought that I heard you say
"It's just another day, watch it go by"

Did you ever notice
That the summer's almost gone just when it starts?
Please don't stop
Don't stop
Don't stop
Don't stop

Here comes summer
Here comes summer
Here comes summer
Here comes summer

The summer's starting
So why aren't you?
We're getting older every day
And I'm not gonna sit here getting old with you

Come on now, it's the first day of summer
Please don't let it slip by
Just try to squeeze all of the life out of it

This is a summer day

But I thought that I heard you say
"It's just another day, watch it go by"
This is a summer day
But I thought that I heard you say
"It's just another day, watch it go by"

Don't stop
Don't stop
Don't stop
Don't stop

Don't stop (Here comes summer)
Don't stop (Here comes summer)
Don't stop (Here comes summer)
Don't stop (Here comes summer)

Please don't stop
