Screeching Weasel

So you heard we got the buzz
We'll be so famous with you behind us
Will you market us professionally?
Can we be part of the music industry?
Please?

We are the Crue
And we don't need you
We are the Crue
And we don't need you

Gee, I hate to break the news to you
But we think you're full of shit and ugly, too
Hey, you know we really think you suck
You won't be making money off of us
Because we've got a thing called self-respect
Find someone else to kiss your silly ass
You pathetic pair of greedy boobs
It's obvious we really don't need you
Don't need you

We are the Crue
And we don't need you
We are the Crue
And we don't need you

And we don't like you
And we say, "Fuck you"
