

# Loyalty

## Screwball

Yo, loyalty is worht more than wealth  
In a world where niggas be all for self  
I got friends who never call til they want help  
Beg me to show love I don't recieve from them  
And hurt me, cuz I'll bleed for them  
But is it worth me risking being free for them  
I got a lot more to lose and thoughts a lot more secluded  
Yours a lot more polluted, what should I do man?  
Bitches clockin my dick like the blue van  
My nigga Blue Pad, I see he was one of my true man  
The same nigga life I saved  
Defy my name ???  
Niggas, unrighteous ways  
You up they wanna stop you  
Down they talk about you, even ya friends'll rob you (Ya heard?)  
You think I'm lyin' ask Rich Porter mom duke  
This shit is real, uhh...  
Give me a bitch thats faithful or a friend who won't snake you  
and loyalty unlike my previous label  
And all my niggas on the run be careful  
The cops don't know ya secret but'cha MAN DO (Ya heard?)

Loyalty, never give it til its earned nigga  
Thats the reason I wasn't with The Firm nigga  
All I got from Big Spank and Sherm nigga  
Somethin that a lotta snakes don't deserve nigga  
Loyalty, never give it til its earned nigga  
Why I wasn't with The Firm nigga  
All I got from Big Spank and Sherm nigga  
It's Loyalty

I thought I seen it all with friendship and money  
Dealin with fiends gettin head from the same honey  
My old man, a mutual friend tried to capitalize  
Sabotage the enterprise, STUPID  
He almost f\*\*ked us up  
We on same page, same stage, same shine  
Feelings I've been holdin back speakin my mind  
I helped feed ya kids, woulda bust my nine  
Protected my life, woulda sacrificed mine  
Help you down on stage when you f\*\*ked up ya rhymes  
Cuz you was too bent up to remember ya lines  
But you really hurt our hearts the most cuz you was close  
Stabbed us in the back over bullshit contracts  
Befriend me befriend us, now you disliked  
Caught up in ya own hype, feelin ya own snake bite  
I don't plan on dissin you in interviews  
You taught me a lesson, I learned ???  
Thats why we named this album Screwball Loyalty

What'cha'll niggas know about going out for the fam  
You got beef, I got beef, yo understand?  
Loyalty, what it means to me  
Blood sweat and tears  
Niggas you thugged with, bugged with for years  
One love all my duns bust one slug  
Screwball I'm still loyal to you while you up above

I'm still reppin' I'm still wylin' I'm still raw to the floor  
Like my niggas on the Island  
And all you fake niggas, snake niggas get the f\*\*k outta here  
'Fore the shotty hit ya face nigga  
I'm the same nigga, insane nigga  
Screwball we came to regulate the game nigga  
Fuck everybody else we goin' for delf  
Married to the game in sickness and in health  
Real niggas roll with my family  
All for one, one for all motherf\*\*kin loyalty
