

yeah yeah yeah, ch ch ch ch ch ch never say stop
a true champion has discipline
and knows when to speak and knows when to be listening
yeah yeah lets go
i get up off the ground brush the dirt off my clothes
look around to see i'm outnumbered by foes
if a average man had to stand and carry my load
he would have chose to fall and surrender a long time ago
but not me no, i'm not that average joe
you and got a shit show if your staring this low
i've got the heart of a king and a warriors soul
thats why i live to tim of the call untill the day that i go

i am a champion i never say die
even when our hope is gone i'm still gonna try'
because i
could not give in and let them win
and if i fall i get back up and stand again

i am a champion why you look so surprised?
when u met me you shurley swore that you met you demise
you left me hanging off the edge of a cliff,
so i hung!
whilst you walk away and disappear into the sun
and even though my arms were numb
i just could have fell
i climbed my way back up to final
and i just had to preval
to ensure my revenge
so when the smoke cleared id be the last one left in the air

i am a champion i never say die
even when our hope is gone i'm still gonna try'
because i
could not give in and let them win
and if i fall i get back up and stand again

i am a champion id be down at the floor
everytime i'm down its guaranteed i get up once more
i've got to much heart to drop
to much heart to not
give enough i've made it all the way to the top
so took all the answers (watch) all my skills are un-seen
i'm the man you can ask anthony mundeen
i'm saying some things only you don't think
you ain't hot to me my flow is like sunscreen

i am a champion i never say die
even when our hope is gone i'm still gonna try'
because i
could not give in and let them win
and if i fall i get back up and stand again

i am a!!
