

# Don't Look Back

Scribe

Back when I was 15, the year was 95 I use to dream one day I be the  
Best rapper alive, I never went to  
School without my walkman by my  
Side and my tape-biggy smalls ready  
To die.

I attended lewihigh that's where I got into some mischief my dad found out  
he sent me to Auckland city to  
Live with a reverend that was strict and very religious, I tried to resist i  
t but there was nothing I could say, next thing I know my  
Bags were packed and I was on my  
Way begged my mum to stay I  
Promised I would behave she told  
Me, no you got to go and not be  
Afraid she told me I would be ok  
And I had to be brave knew my  
Life from that moment would never  
Be the same, I forced a smile in  
Effort to mask up that pain. I said goodbye, took my seat on the back  
Of a plane, I shed a tear and swore I wouldn't look back again.

I won't look back I keep on and keep  
Strong cause yesterday is long  
Gone, don't look back there is a  
Time keep in mind the human race  
Don't get left behind.

And don't look back keep on and keep  
Strong cause yesterday is now long  
Gone, don't look back there is a  
Time keep in mind the human race  
Don't get left behind.

Meanwhile in 99 had a pad I'm  
Writing rhymes, my girlfriend's  
Pregnant she's about to drop at  
Any time, I know I'm crazy young 19 with a baby-son on top of that I'm  
Trying to contempt with my lady's  
Mum, calls me a loser and a good  
For nothing lazy bum, she says give up the music, that my day would  
Never come, but I can't turn back  
Now I got no option to fail cause  
Mum and dad just lost a house in  
Mortgage sale.

I say a solid prayer and yeah I  
Know my god had heard me cause the  
Next day p-money asked if I would  
Sign it dirty next thing I know is  
That I'm leaving to go record my CD I tell my son things will be  
Different next time you see me,  
Quickly change his nappy- he looks  
Playful and happy, I got going  
Catch my plane after the back of a  
Taxi, as I drove away slowly I  
Started to cry, because that moment deep inside a part of me died.

I won't look back I keep on and keep  
Strong cause yesterday is long  
Gone, don't look back there is a  
Time keep in mind the human race  
Don't get left behind.

And don't look back keep on and keep  
Strong cause yesterday is now long  
Gone, don't look back there is a  
Time keep in mind the human race  
Don't get left behind.

Now it's been four years since  
Crusader made it's way to the top,  
Went around the world represent NZ  
For hip-hop now I'm touring  
Nominations in the M2 seven home a  
Five time platinum plaque with  
Silver scroll, Australia went gold  
That's 35, 000 sold at 25 years old I just exceeded my goal, tell me  
Where to from here tell me where  
Else can I go, what can I possibly  
Do, what don't I already know.

Got everything I need but still I  
Feel something lacking in my heart  
Don't feel content I can't get no  
Satisfaction, my heart is full of  
Love, hate, pain and frustrations I  
Know my fans they got a lot of  
Expectations, they think that I can  
Make it, they think that I can take it, my true destiny I can not  
Escape it but it will all be ok  
Cause I wasn't put here to stay,  
But there's something things that I know before I go that I got to say  
And it's

Don't look back I keep on and keep  
Strong cause yesterday is long  
Gone, don't look back there is a  
Time keep in mind the human race  
Don't get left behind.

And don't look back keep on and keep  
Strong cause yesterday is long  
Gone, don't look back there is a  
Time keep in mind the human race  
Don't get left behind.
